

St. Louis Integrated Health Network

RHC Monthly Report
3/2011

CRC Update

Hospital Update

- Completing expansion to Children's Hospital and Cardinal Glennon
- Interviewing candidates to fill available Referral Coordinator positions

CRC Task Force Update

- Completing Task Force Member orientations
- Holding opening Task Force Meeting at close of March
- Improved ability connect patients who visit hospital after hours at Barnes-Jewish, Christian Northeast and St. Mary's surrounding capturing patients

NMPI Update

Technology platform for sharing health information

Assists in continuity of care (removing redundancies)

Includes a method for providing a Primary Care Home

- Completed testing of pilot site data (Grace Hill & BJC HealthCare).
- Developed timeline for implementation of remaining Participants including tentative go-live dates.
- Finalizing opt-in Patient Consent policy by receiving input from all Participants. Final policy to be completed by end of first quarter.
- Developing a Computerized Based Training (CBT) manual in collaboration with an outside party.

Marketing Update

P.U.L.S.E. SM = Primary Care. Urgent Care.
Lifestyle Services (Preventive Care) .
Specialty Care. Emergency Care

Continuing to Brand Network through Engagement

- Setting a community definition of “Patient-Centered Health Home”
 - Presented feedback from RHC Community Advisory Board to Reform Ready Steering Committee work
- Completing series of website updates to highlight the accomplishments of Network and IHN staff
- Continuing to circulate and collect community feedback on P.U.L.S.E. SM at community/partner events:
 - Imagine Academy School Fair
 - Barnes-Jewish Hospital advocates of CRC Program
